SETTING UP CONVENIA®(cefovecin sodium) IN YOUR IMPROMED® SOFTWARE

VetSupport www.vetsupport.com

1. Click the infinity symbol in the top left corner and then **Setup** in the drop down menu

2. You can choose to set up an inventory code or a product code. For all injections, you will ultimately set up both.

3. Choose "Inventory Item" → Edit or Create using the box to the right

Finish setting up your inventory item

4.

Click "Create Product"

Complete the empty fields

Click on "pricing"

Set up the structure that you desire
